**M** Describe any additional steps you intend to take to promote the four licensing objectives as a result of the proposed variation:

**a) General – all four licensing objectives (b,c,d,e)** (please read guidance note 11)

*[The information provided in this box is solely for information only and not intended to be converted into conditions on the licence.]*

We have considered the impact of the proposed variation which allows for the creation of an external bar servery and “chip shop” within existing outbuildings of the premises, adds late night refreshment and inclusion of a CCTV condition agreed in consultation with Police Licensing.

The applicant has carefully considered the application, the effect upon the licensing objectives and the Council's Licensing Policy, and believes the variation and changes sought are unlikely to undermine the licensing objectives. In particular the bar server/dispense area will be of benefit to aid customer and staff flow and aid social distancing and service in the existing external area. The Company have a number of premises where gardens and outside areas are licensed and operate a number of external bar serveries and their experience is that the outside areas gain in customer supervision and overall flow of staff and customers.

Steps have been taken to ensure promotion of the licensing objectives if the application is granted and this includes consultation with police licensing prior to submission. As a result of that consultation, an additional condition as to CCTV provision, not currently on the licence, has been offered to further bolster the operating schedule to ensure promotion of licensing objectives if the application is granted.

Additionally, in respect of the external bar server/dispense the following internal measures will be in place to ensure continued promotion of the licensing objectives:

- the bar will be manned at all times it is trading by at least one person
- staff will monitor the external area at times the bar is trading,
- existing measures, policies and procedures in place internally would also apply to the outside bar, such as age verification checks, challenge policies, refusals logs.
- Stonegate operate many sites with an external server/dispense, including in close proximity to residents, and the company's noise management and outside areas policies will continue to be implemented and adapted at site level as appropriate.

Considering the above, we believe that the variation will not undermine the Licensing Objectives. The Applicant believes that the proposed internal measures, amended and existing conditions within the current licence, alongside the experience of the applicant in operating premises with external an external server/dispense and policies in place as to managing external areas, will ensure the premises continue to promote the Licensing Objectives if the application is granted and further conditions are not required.

**b) The prevention of crime and disorder**

See a) above and also to add the following condition:

1. CCTV will be in operation while the premises are open for licensable activities. Images will be stored in digital format, for at least 28 days, and made available to Police or regulating authorities upon reasonable request, in accordance with Data Protection legislation.

**c) Public safety**

See a) above

**d) The prevention of public nuisance**

See a) above

**e) The protection of children from harm**

See a) above
