Re Application to vary the premises Licence at Voewood.

Dear Sir. I would like to object to the above proposal / application.

On many occasions the level of disco music coming from Voewood has resulted in me being unable to sleep. I live in a quiet residential area where mainly retired residents live.

The noise from Voewood at the moment constitutes a clear public nuisance and to extend the hours of business would make the situation worse.

I therefore want the application rejected on the ground of PUBLIC NUISANCE.
