Re. Application to vary the
premisses Licence at Voewood

Dear Sir,

I would like to
object to the above
proposal/application.

On many occasions the
music coming from Voewood
has resulted in me being
unable to sleep.

I live in a quiet area
where many retired people live

The noise from Voewood at the moment is a clear public nuisance and to extend the hours of business would make the situation worse

I have lived in the village in different parts for the last 22 yrs and there has all way been concerns.

I therefore want the application rejected on the ground of

Public Nuisance
