## 1. Purpose of the report

- 1.1 This report sets out details of the Round 4 Local Authority Housing Fund (LAHF) grant that NNDC has negotiated with government to be used to acquire nine homes to help meet housing need. The report recommends NNDC accepts the grant and acquires these homes to be used as temporary accommodation (TA) for homeless households. The grant requires that some homes are to be prioritised for homeless Afghan households resettled as part of the Afghan Resettlement Programme.

## 2. Introduction & Background

- 2.1. NNDC has been successful in bidding for four previous rounds of LAHF grant:
- December 2022 we were awarded £205k LAHF1 to help provide one larger 4+ bed home for Afghan resettlement (plus grant to support Flagship to purchase 10 homes)
  - June 2023 we were awarded LAHF2 of £560k to help acquire four family homes, with three to be prioritised for Afghan resettlement.
  - March 2024 we were awarded a further £280k of LAHF2 underspend to purchase two more homes – one to be prioritised for Afghan resettlement.
  - January 2025 we were awarded £588k of LAHF Round 3 Reallocation to help purchase of four homes (three for general TA and one to be prioritised for

Afghan resettlement). However, through negotiations with colleagues at the Ministry of Housing Communities and Local Government, the Council agreed to purchase 7 homes, with all purchases to be exempt from Stamp Duty.

- 2.2. In summary NNDC have so far received £1.633m of LAHF grant to help acquire 14 homes (6 prioritised for Afghan resettlement) and have passed on a further £1.04m of grant to Flagship to purchase 10 new affordable homes.
- 2.3. The LAHF grant awards have been key in helping to deliver the Council's portfolio of TA homes. The Council now has 30 properties with a further two currently being purchased to bring the total to 32. Five of the properties provide housing for up to 2-years for ex-rough sleepers and the remaining 27 are/will be used as TA. As set out above, six of these TA homes are to be prioritised for Afghan resettlement households, in line with the terms of the government grant. NNDC has not yet had a formal nomination to accommodate an Afghan resettlement household and has therefore used all the above homes as general TA.
- 2.4. Homelessness remains a major challenge in the District and the Council regularly needs to accommodate 60+ households in TA, so there is still a need for more quality temporary accommodation in order that it does not need to resort to less suitable and more expensive nightly paid accommodation.

### **3. LAHF4 grant**

- 3.1 On 19<sup>th</sup> of November LAHF contacted us to offer a further £611,000 of grant in 2026/27 to help acquire four properties; two for TA and two for Afghan resettlement (one of which should be a large 4 bed or more home). NNDC were also invited to submit an expression of interest in a higher level of grant to acquire more homes. We therefore negotiated a grant offer of £1.336m to help acquire nine properties; six for TA and three for Afghan resettlement (including one large 4 bed or more home).
- 3.2 Our recent experience of buying homes means we are confident that good properties can be acquired for an average cost (including any initial repairs needed) of £250,000 per property. Acquisition of this many properties in a relatively short timescale will put significant pressures on staffing resources. We will also need to ensure all policies and processes for the management and maintenance of homes are effective and enable us to look after homes and residents safely and efficiently. To ensure this happens in 2026/27 will require additional resources.
- 3.3 To acquire an additional nine homes in 2026/27, a capital budget of £2.25m will be required. A revenue budget of £80k will help support the acquisition and effective management and maintenance of these homes. Therefore, the total funding required to acquire nine properties is £2.33m. With LAHF grant of £1.336m this will require £994k of match funding.
- 3.5 The LAHF grant is paid in two tranches. The first tranche will be paid in April 2026. The second tranche is paid once government have received confirmation from us that we have committed 60% of the first tranche of grant funding. If Cabinet support the acceptance of the LAHF grant and acquisition of more TA homes, officers will begin to identify suitable properties as soon as possible. That should ensure we are able to acquire homes early in 2026/27 and receive the second tranche of grant funding early in the financial year.

- 3.5 The council will by the end of 2025/26 have a portfolio of 32 homes used for homelessness. The LAHF grant will support the acquisition of a further nine family homes for TA, bringing the portfolio up to 41 homes.

#### **4. Corporate Priorities**

- 4.1 Providing more affordable homes in the district is in line with the Corporate Plan priority of *“Meeting Our Local Housing Need”* and specifically the aims of *“Increasing our portfolio of Temporary Accommodation to support residents in crisis”* and *“Working with national, regional and local partners to support the needs of refugees”*.
- 4.2 Adding to the Council’s stock of good quality TA homes helps deliver financial savings to the Council’s revenue budget, when compared to the costs of more expensive, and inferior, bed and breakfast type TA. There will be additional costs associated with the maintenance of these homes, but the Council will also generate rental income from the homes.
- 4.3 Analysis of the performance and value for money of the council’s portfolio of homes used for Temporary and other homelessness accommodation (TA) in 2024/25 was reported to Overview & Scrutiny in January 2025. In summary the analysis showed that:
- Compared to nightly paid accommodation, our own TA delivers significant savings as well as a considerable improvement to the lives of those accommodated.
  - The performance of our TA has improved greatly, and in 2024/25 alone our TA saved us more than £640k compared to use of nightly paid inferior accommodation.
  - Over the last four years (2021/22-24/25) savings have totalled £1.36mIn recent years, the rental income from our TA has exceeded direct costs and resulted in a surplus.

#### **5 Financial and Resource Implications**

- 5.1 As set out above a budget of £2.33m will be required (£2.25m capital and £80k revenue, supported by match funding of £994k). The Council already has an annual TA budget of £1m per annum; this budget will need to increase to £2.25m along with a supporting revenue budget of £80k. Success in being awarded LAHF grant will help fund a substantial part of this budget. The Council have agreed with Norfolk County Council to retain a larger share of Second Homes Council Tax premium in 2026/27 which will be used to match fund the LAHF grant. Proposals for the use of the remaining Second Homes Council Tax premium will be presented to Cabinet and Full Council in June, once we have outturn figures for 2025/26 and have fully assessed other financial commitments.
- 5.2 Analysis of our existing portfolio of TA undertaken in 2025 confirmed that the Council’s own TA offered significantly better value for money than the alternatives such as nightly paid (bed and breakfast) accommodation.

#### **Comments from the S151 Officer:**

*This report recommends the acceptance of a government grant to support the Council's Capital Program. Once final costs are determined any necessary amendments to the capital budget will be submitted for Cabinet consideration.*

## **6 Legal Implications**

- 6.1 The Council is able to hold in the General Fund, and let on license, homes to be used for TA for homeless households.
- 6.2 The Council is required to sign a Memorandum of Understanding for acceptance of the LAHF grant and acquisition of the homes. As NNDC has been successful in previous rounds of LAHF, this Memorandum has been checked and approved by Eastlaw. The Memorandum commits NNDC to using best endeavours to meet the LAHF requirements. However, if it is unable to deliver, the Council can return the grant with no penalties.
- 6.3 Legal input will be required to ensure effective conveyancing and to identify any legal constraints on properties that are considered for purchase.

### **Comments from the Monitoring Officer**

*This report considers the acceptance of funding for the purchase of temporary accommodation, once accepted the council needs to use its best endeavours to comply with the LAHF requirements. Final funding amounts are to be confirmed for final approval at Full Council.*

## **7 Risks**

- 7.1 The LAHF will provide grant to help the Council to provide homes for Temporary Accommodation for homeless households, with some homes prioritised for Afghan refugees. The fund aims to relieve pressure on existing limited temporary and affordable housing. The LAHF is a national scheme which will see additional funding for housing purposes in North Norfolk. There is some risk that local people in housing need might feel the Council's focus is on meeting the needs of refugees rather than existing residents and this situation would need to be sensitively managed. However, as is highlighted above, so far none of the homes the Council has purchased with LAHF grant, which were to be prioritised for Afghan households, have been used for this purpose, as the need has not arisen, and all are being used as general TA.
- 7.2 NNDC will be responsible for the acquisition, long-term management and maintenance of the homes and for managing the associated financial risks, which can be summarised as:
  - Risk of failing to deliver homes within target prices and costs over-running – mitigated by setting realistic budget for purchase and closely monitoring costs
  - Risk of failure to deliver homes within tight timescales – mitigated by early identification of suitable homes
  - Risk of purchasing homes that do not offer value for money – mitigated by requiring an independent valuation and condition survey of homes

prior to purchase.

- Risk of homes incurring rising management and maintenance costs – mitigated by purchasing modern, good condition homes requiring very limited repair.
- Risk of failing to meet statutory requirements for the management and maintenance of homes – mitigated by ensuring effective policies and process are in place

7.4 There is a reputational risk with government if NNDC fails to acquire the homes by April 2027. Initial research indicates that there are suitable homes available within the target price range. The risk can be managed by identifying suitable properties as soon as possible and being able to move swiftly to agree purchase, which will leave time to complete purchases and carry out any repairs and safety checks before the April 2027 deadline.

7.5 However, the risks of not taking the funding are:

- Risk of not meeting the housing needs of the fund's eligible households. Afghan households may still present to the Council as homeless and the responsibility for providing them with Temporary Accommodation and supporting them to find secure accommodation would remain. This would put further strain on housing and staff resources, but without the benefit of the additional LAHF homes.
- Risk the increasing use of inappropriate and expensive (nightly paid) temporary accommodation.

## **8 Net Zero Target**

8.1 Homes purchased for use as TA will need to achieve good energy standards, and improvements to heating and insulation will be undertaken where required to ensure this – the aim will be for homes purchased to have an Energy Performance Certificate rating of at least C (preferably a B) if it is possible to achieve this within the agreed budget. However, the addition of these properties to our estate will increase the Council's carbon footprint. This will need to be off-set in order to achieve the carbon net zero policy by 2030. As the homes purchased will be existing homes, the overall 'community' emissions will not increase as a result of purchases.

## **9 Equality, Diversity & Inclusion**

9.1 Three homes will be prioritised for use as resettlement temporary accommodation for Afghan refugee households. Long-term, all the homes would be available to households on the Council's housing list as temporary accommodation. Therefore, there are not considered to be any negative impacts on EDI.

## **10 Community Safety issues**

10.1 The Council will work with partner agencies to ensure the safety of households accommodated in these properties.

## **Conclusion and Recommendations**

North Norfolk District Council has been offered funding for 2026/27 in Round 4 of the Government's Local Authority Housing Fund (LAHF). If NNDC takes up the offered Round 4 LAHF funding, this would help fund additional homes to be used as Temporary Accommodation for homeless households. Three of the homes would initially be prioritised to resettle Afghan households.

It is recommended that Cabinet:

- Agree to accept the £1.336m of Local Authority Housing Fund grant
- Use the LAHF grant to part fund the purchase of nine further units of temporary accommodation, including any resources needed to support this
- Give delegated authority to the Section 151 Officer (or other member of Corporate Leadership Team) in consultation with the Portfolio Holder for Housing and Peoples' Services, to agree the actual purchases of the properties (within the identified budget limits).
