1 Progress on Portfolio Matters.

North Norfolk Information Centre;

The refurbishment of the North Norfolk Information Centre on Loudon Road, Cromer is in progress to include a revitalised tourist information offer, improved public toilet facilities and the creation of a new visitor centre for the Deep History Coast project.

The Tourist Information staff are currently providing the Tourist Information Service from their temporary home at Merchants Place. We are hoping that the new facilities will be opened in time for the 30th November Cromer Christmas Lights Switch On. All efforts are being made to achieve this deadline, however, there is a possibility that there may be a short delay to the opening until later in December.
