- 2.15 You will need to pass the Council's Knowledge Test as part of the application process. The test will include multi-choice questions on Licensing Conditions, the Highway Code, knowledge of the area and literacy and numeracy and it will be conducted online at the Council offices.

Age Requirement

- 3.9 All hackney carriage and private hire vehicles will not normally be considered for licensing unless they are under 10 years of age from date of first registration (date as shown on DVLA registration document). Vehicles presented for licensing that are less than 5 years of age will require an annual Vehicle Inspection Report to be completed by one of the nominated garages. Vehicles over 5 years will be required to have a Vehicle Inspection Report every 6 months:

Vehicle Specifications

- 3.16 The vehicle shall have side opening doors for each passenger (designed for the purpose of permitting persons' access to/from the interior) - any lift-up tailgate shall not be included; or a vehicle shall have three side opening doors (designed for the purpose of permitting persons' access to/from the interior) and two rear opening doors (designed for the purpose of permitting persons' access to/from the interior).

Vehicle Testing

- 3.34 No vehicle shall be first licensed or re-licensed unless the vehicle has passed the vehicle inspection at one of the Council's approved and nominated testing stations. All hackney carriage and private hire vehicles after 5 years (date as shown on DVLA V5 registration document) shall have a vehicle compliance test at an approved Vehicle Testing Station every 6 months. In addition, an authorised officer of the Council may inspect a vehicle for first licensing and/or upon renewal.
- 3.35 The Council will not consider a grant or renewal of a vehicle licence unless it has been examined in accordance with the Council's Hackney Carriage and Private Hire Vehicle [Compliance Testing Standards](#).
- 3.36 Costs of such testing is payable by the person wishing to licence the vehicle. In addition, the history of the vehicle may be taken into consideration when determining whether the vehicle should be licensed.

- 3.37 The 6 monthly compliance test certificate required for vehicles over 5 years old (see 3.34 above) must be produced to the Council within 7 days of the date of the test. Tests can be carried out by an approved testing station up to one calendar month before the 6 monthly point of the licence.
- 3.38 A vehicle which fails an inspection/safety check during the currency of a licence with the Council will have the fault(s) rectified and the vehicle re-inspected at the same testing station within 2 months of the original inspection – failure to do so will lead to the automatic revocation of the vehicle licence.
- 3.39 A vehicle may be inspected by an authorised officer of the Council or a Police Officer, at any reasonable time. If the person inspecting the vehicle is not satisfied as to the fitness of the vehicle, he may give written notice to the proprietor/operator to make the vehicle available for further inspection and testing at such reasonable time and place as may be specified and the vehicle licence may be suspended until the authorised officer or police officer is so satisfied. If the authorised officer or police officer is not satisfied within two months of the initial inspection the Vehicle licence shall be deemed revoked. An authorised officer or police officer may permit other persons to examine the vehicle on their behalf (e.g. VOSA).
