

**North Norfolk District Council
Local Code of Corporate Governance 2019/20**

North Norfolk District Council works to improve the lives of its residents while retaining and improving the quality of life, prosperity and the environment of the district for future generations – working with and for you, helping to make the District ‘A Better Place’. As a Local Authority, we are entrusted with public funds and aim to spend these wisely to improve outcomes in our District. Our Local Code of Corporate Governance is the framework of policies, procedures, behaviours and values which determine how we work to achieve our priorities, and is based upon the 7 core principles of the International Framework for Corporate Governance in the Public Sector which are as follows;

- Behaving with Integrity, demonstrating strong commitment to ethical values, and respecting the rule of law
- Ensuring openness and comprehensive stakeholder engagement
- Defining outcomes in terms of sustainable economic, social and environmental benefits
- Determining the interventions necessary to optimise the achievement of the intended outcomes
- Developing the entities capacity, including the capacity of its leadership and the individuals within it
- Managing risks and performance through robust internal control and strong public financial management.
- Implementing good practices in transparency, reporting, and audit, to deliver effective accountability

Good governance supports the Council through:

- Enabling the Council to achieve its objectives in an open and accountable way
- Ensuring decisions are sound and lawful, upholding the Council's reputation and minimising the risk of financial loss
- Ensuring decisions take into account local people's needs and priorities
- Giving the public confidence in the work we do
- Underpinning our Code with our four corporate values which are as follows;
 - We respect people and treat everyone fairly
 - We are open and honest and listen
 - We strive to offer the best value for money service
 - We welcome new challenges and embrace change
- Each year, the Council reviews its governance arrangements through the Annual Governance Statement, ensuring these arrangements are adequate and operating effectively. Where reviews identify any gaps in corporate governance, or areas for improvement, recommendations for improvements are made

<p><i>Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law</i></p> <p>Local government organisations are accountable not only for how much they spend, but also for how they use the resources under their stewardship. This includes accountability for outputs, both positive and negative, and for the outcomes they have achieved. In addition, they have an overarching responsibility to serve the public interest in adhering to the requirements of legislation and government policies. It is essential that, as a whole, they can demonstrate the appropriateness of all their actions and have mechanisms in place to encourage and enforce adherence to ethical values and to respect the rule of law.</p>	<p>Ensuring members and officers behave with integrity and lead a culture where acting in the public interest is visibly and consistently demonstrated thereby protecting the reputation of the organisation</p>	<p>The Council has approved Codes of Conduct which are included within induction packs. All officers are part of the Council’s performance management framework and expected to perform in line with designated competencies appropriate to their role and job description. The authority’s leadership style is underpinned by the Constitution, Policies, Protocols and Codes of Conduct. The values of the organisation are documented within the Corporate Plan. The Council has introduced and encourages public speaking at Committees and has invested in upgrading its website and Intranet, actively managing its content to ensure easy access to information.</p>	<p>Constitution, Articles in Staff / Members Bulletin, Head of Paid Service update emails, Corporate briefings held during the year to update staff of key issues and items, Appraisal and Development Scheme, Member/Officer Codes of Conduct, Member/Officer Protocol, Whistleblowing policy, Counter Fraud, Corruption and Bribery Strategy, Freedom of Information (statement and publication scheme), Planning Protocol, Standards Committee, Officer Register of Gifts and Hospitality, Member / Officer Registers of Interests, Annual Governance Statement, Local Code of Corporate Governance.</p>
	<p>Ensuring members take the lead in establishing specific standard operating principles or values for the organisation and its staff and that they are communicated and understood. These should build on the Seven Principles of Public Life (the Nolan Principles)</p>	<p>The Corporate Plan sets out our clear vision for the District, and our ambition. This is further supported by our Delivery Plan which is monitored through the Council’s Performance Management Framework.</p>	<p>Corporate Plan, Delivery Plan, Performance Management Framework, Standards Committee Annual Report, Member/Officer Codes of Conduct, Member/Officer Protocol, Whistleblowing policy, Counter Fraud, Corruption and Bribery Strategy, Member / Officer Register of Gifts and Hospitality.</p>

	<p>Leading by example and using these standard operating principles or values as a framework for decision making and other actions</p>	<p>The values of the organisation are documented within the Corporate Plan. Our decision making processes are embedded into the Council's Constitution which is periodically reviewed and endorsed by Councillors. Members are required to make any 'Declarations of Interest' where appropriate.</p>	<p>Corporate Plan, Constitution, Member/Officer Codes of Conduct, Whistleblowing policy, Counter Fraud, Corruption and Bribery Strategy, Planning Protocol, Member/Officer Register of Gifts and Hospitality, Member/Officer Registers of Interests, Financial Regulations, Contract Procedure Rules, Diversity and Equality Policy, Member / Officer Induction and Training Governance, Risk & Audit Committee (GRAC) terms of reference.</p>
	<p>Demonstrating, communicating and embedding the standard operating principles or values through appropriate policies and processes which are reviewed on a regular basis to ensure that they are operating effectively</p>	<p>The Council has a number of documents which reinforce its commitment to best practice, including Whistleblowing policies, Counter-fraud and Corruption policies, Registers of Interests and Gifts and Hospitality and Complaints policies. These are all subject to periodic review. New staff are required to review the Council's key policies as part of the induction process and to sign to confirm this has been completed.</p>	<p>Member/Officer Codes of Conduct, Whistleblowing policy, Counter Fraud, Corruption and Bribery Strategy, Planning Protocol, Member / Officer Register of Gifts and Hospitality, Member / Officer Registers of Interests, Financial Regulations, Contract Procedure Rules, Combined Equalities Scheme, Member / Officer Induction and Training, Governance, Risk & Audit Committee (GRAC) terms of reference, Constitution.</p>

	<p>Seeking to establish, monitor and maintain the organisation's ethical standards and performance</p>	<p>The Nolan principles are embedded into Codes of Conduct. The Monitoring Officer produces an Annual Report on the activity of the Standards Committee and its activity to maintain the organisation's standards. The Council has achieved Investors in People Silver status, demonstrating its commitment to monitoring our organisation's standards and performance. Shared values have been developed and are documented within the Corporate Plan. Leadership training is undertaken between the Corporate Leadership Team and the Cabinet to reinforce these values. Internal Audit provides assurance that policies built on ethical standards are being complied with. Ongoing monitoring of the application and effectiveness of the local standard regime is undertaken.</p>	<p>Staff and Member Briefings, Corporate Plan, Internal & External Audit Reports, Monitoring Officer's Annual Report.</p>
	<p>Underpinning personal behaviours with ethical values and ensuring they permeate all aspects of the organisation's culture and operation</p>	<p>New members and staff are provided inductions, which emphasises areas such as codes of conduct and appropriate behaviours. Ongoing training is then provided, for example through member training sessions</p>	<p>Internal Audit Reports, Competency framework, Appraisal system, Constitution, Staff & Member training and development.</p>

	<p>Developing and maintaining robust policies and procedures which place emphasis on agreed ethical values</p>	<p>In addition to policies identified above, the Constitution includes specific rules and procedures with respect to procurement; financial governance, and members sitting in a regulatory capacity. These are reviewed and updated on a regular basis.</p>	<p>Constitution, Member/Officer Codes of Conduct, Whistleblowing Policy, Counter Fraud, Corruption and Bribery Strategy, Procurement Strategy.</p>
	<p>Ensuring that external providers of services on behalf of the organisation are required to act with integrity and in compliance with high ethical standards expected by the organisation</p>	<p>As part of Council procurement exercises, service providers are required to provide statements confirming compliance with ethical standards and, for example, anti-money laundering statements. The Partnership Framework and Principles Guidance also further support this.</p>	<p>Council's Website, Constitution, Anti-money Laundering Policy, Procurement Strategy, Individual Partnership / Service Level Agreements, Partnership Framework and Principles Guidance.</p>
	<p>Ensuring members and staff demonstrate a strong commitment to the rule of law as well as adhering to relevant laws and regulations</p>	<p>The Constitution is regularly updated to include new specific laws and regulations. Staff are required to hold relevant professional qualifications and comply with the law and codes of conduct. The Council has an appointed Monitoring Officer responsible for the maintenance of the Constitution and for guiding members on the information contained therein. The Council has appropriate legal advice both on the specific requirements of legislation and the general responsibilities placed on local authorities by public law. Induction training for new staff includes review of the Council's policies, which include provisions from legislation.</p>	<p>Constitution, Report Template requiring input from Monitoring Officer and S151 Officer (information quality for decision taking) / positive sign off, Legal advice to Licensing and Planning Committees, Statutory Provisions, Whistleblowing policy, Counter Fraud, Corruption and Bribery Strategy, Data Protection Policy, GDPR guidance and training, IT Policy.</p>

	<p>Creating the conditions to ensure that the statutory officers, other key post holders and members are able to fulfil their responsibilities in accordance with legislative and regulatory requirements</p>	<p>Staff are provided with key legal changes where relevant in addition to the Council holding a number of subscriptions to services to ensure staff are provided with appropriate professional support. Members making regulatory decisions are provided with training to ensure they are sufficiently aware of the legal requirements of their role. Areas for focus are highlighted as part of the appraisal process and provided as part of the corporate training plan.</p>	<p>Constitution, Monitoring Officer Provisions / Protocol, Report Template requiring input from Monitoring Officer and S151 Officer (information quality for decision taking) / positive sign off, Availability of legal advice to Licensing and Planning Committees, Appraisal framework, Job descriptions, Committee Terms of Reference.</p>
	<p>Striving to optimise the use of the full powers available for the benefit of citizens, communities and other stakeholders</p>	<p>There are clear, defined decision making processes within the Council to ensure that all appropriate options are considered prior to any decisions being made.</p>	<p>Monitoring Officer Provisions / Protocol, Report Template, Standing Orders, Complaints and Compliments Procedures, Investigations, Records of Delegated Authority decisions, Planning protocol.</p>
	<p>Dealing with breaches of legal and regulatory provisions effectively</p>	<p>The Monitoring Officer and Section 151 Officer are informed of all key decisions to be made and any such occurrences are reported as required.</p>	<p>Monitoring Officer Provisions / Protocol, Records of Delegated Authority decisions, Constitution, Standing Orders.</p>
	<p>Ensuring corruption and misuse of power are dealt with effectively</p>	<p>The Council has a well-established Counter Fraud, Corruption and Bribery Strategy, access to which is available on the intranet.</p>	<p>Counter Fraud, Corruption and Bribery Strategy, Whistleblowing Policy, Constitution.</p>

<p>Ensuring openness and comprehensive stakeholder engagement</p> <p>Local government is run for the public good, organisations therefore should ensure openness in their activities. Clear, trusted channels of communication and consultation should be used to engage effectively with all groups of stakeholders, such as individual citizens and service users, as well as institutional stakeholders.</p>	<p>Ensuring an open culture through demonstrating, documenting and communicating the organisation's commitment to openness</p>	<p>The Council has a clear vision, demonstrated through its Corporate Plan. The website has undergone a number of improvements for 2018/19 and provides a large amount of information to the public, including a section dedicated to the requirements of the Transparency Code. The Council has an FOI policy in place and produces an Annual Report to highlight progress against the Delivery Plan.</p>	<p>Constitution, Stakeholder Identification, Performance Management Framework, Communications Strategy Satisfaction Surveys, Councillor Call to Action, Council Tax online information, Norfolk Crime and Disorder Partnership, Council's Website including consultations page.</p>
	<p>Making decisions that are open about actions, plans, resource use, forecasts, outputs and outcomes. The presumption is for openness. If that is not the case, a justification for the reasoning for keeping a decision confidential should be provided</p>	<p>All Committee reports are prepared using pre-agreed templates. If a Cabinet meeting has to consider anything under Part 2 business the press/public will be excluded for that item but the reasons for this need to be justified and is often on the basis of commercial sensitivity.</p>	<p>Meeting minutes, Communications Strategy, Statutory Provisions, Council's Website, Forums and Partnerships, Direct communication with Parish & Town Councils (121 newsletter)</p>
<p>Providing clear reasoning and evidence for decisions in both public records and explanations to stakeholders and being explicit about the criteria, rationale and considerations used. In due course, ensuring that the impact and consequences of those decisions are clear</p>	<p>The Committee schedule is prepared in advance of the year and is then subject to negotiation with key officers to ensure timely decisions can be made. All Committee reports are subject to pre-approval procedures, including pre-meetings with key members and consultation with portfolio holders to ensure relevant matters have been taken into account. Reports are based on agreed templates and must record key considerations and decisions.</p>	<p>Committee timetable, Council's Website, Constitution, Report template, Meeting minutes, Input from Monitoring Officer/S151 Officer.</p>	

	<p>Using formal and informal consultation and engagement to determine the most appropriate and effective interventions/ courses of action</p>	<p>The Council adapts its consultation procedures according to the relevant decision being made with the public on planning decisions. Decisions are considered on a case by case basis and in line with legal requirements.</p>	<p>Planning protocols, Communication Strategy, Legal requirements, Consultation workshops, Direct communication with Parish & Town Councils (121 newsletter), Local Development Framework.</p>
	<p>Effectively engaging with institutional stakeholders to ensure that the purpose, objectives and intended outcomes for each stakeholder relationship are clear so that outcomes are achieved successfully and sustainably</p>	<p>Engagement practices are adapted to the environment rather than operating to a pre-defined strategy. Where appropriate, particularly where major change occurs that is likely to have a significant impact on the public, communication plans are developed to tailor engagement and to plan for responding to particular circumstances.</p>	<p>Communications Strategy, Consultation workshops, Local Development Framework consultation, Council's website.</p>
	<p>Developing formal and informal partnerships to allow for resources to be used more efficiently and outcomes achieved more effectively</p>	<p>This is an inherent part of the Council's operation. Partnerships are developed to support service delivery and link to activities within the Corporate Plan and Service Plans. Partnerships are subject to periodic review to ensure they remain effective and deliver Council outcomes.</p>	<p>Partnership Framework and Principles Guidance.</p>
	<p>Ensuring that partnerships are based on:</p> <ul style="list-style-type: none"> • trust • a shared commitment to change • a culture that promotes and accepts challenge among partners <p>and that the added value of partnership working is explicit</p>	<p>Partnerships are based on the Partnership Framework and Principles Guidance and include a Service Level Agreement (SLA) where appropriate. Each Partnership will normally have a defined agreement (SLA etc), which will detail the nature of the working relationship and how it operates, including any governance arrangements. Service Managers are accountable for ensuring the successful operation and monitoring of partnerships.</p>	<p>Partnership Framework and Principles Guidance, Service Plans Self-Assessment Assurance Statements.</p>

	<p>Establishing a clear policy on the type of issues that the organisation will meaningfully consult with or involve individual citizens, service users and other stakeholders to ensure that service (or other) provision is contributing towards the achievement of intended outcomes.</p>	<p>The Council has a clear Communications Strategy that details how we will engage, consult and listen to our community and stakeholders.</p>	<p>Communications Strategy, Website - consultations page.</p>
	<p>Ensuring that communication methods are effective and that members and officers are clear about their roles with regard to community engagement</p>	<p>Communications come through various forms. Communication Plans are developed for more significant changes that will have an impact on the public. Members receive a monthly bulletin informing them of key events ongoing in the Council of which they need to be aware. Staff receive a weekly Bulletin and Town and Parish Council's receive the 'One to One' monthly newsletter.</p>	<p>Communications Strategy, Members Bulletin, Staff Bulletin, One to One newsletter, Website, Head of Paid Service briefings Intranet.</p>
	<p>Encouraging, collecting and evaluating the views and experiences of communities, citizens, service users and organisations of different backgrounds including reference to future needs</p>	<p>As above, engagement comes through a variety of forms and is covered by the Council's Communications Strategy. Specific decisions will be subject to consultation – for example, the Local Plan Process has various forms of communication and engagement to ensure the public and wider stakeholders are fully consulted.</p>	<p>Communications Strategy, Planning Local Plan Review process/protocols, Consultation workshops (Cromer Sports Hub/Deep History Coast/Splash), Website consultations page.</p>

	<p>Implementing effective feedback mechanisms in order to demonstrate how their views have been taken into account</p>	<p>The Council welcomes customers to raise concern or compliments with any aspect of service provision. All complaints and compliments are recorded on a corporate database. A summary of complaints and compliments is published on a quarterly basis with decisions fed back to stakeholders. The outcome from consultation activities are published on the Council website.</p>	<p>Communications Strategy, Customer Complaints, Compliments & Contacts Policy, Customer Service Strategy, Website consultations pages.</p>
	<p>Balancing feedback from more active stakeholder groups with other stakeholder groups to ensure inclusivity</p>	<p>This seeks to primarily address how the council can deal with competing demands in a community. The primary competing demand for the Council is the decreasing level of Council resources versus demands from customers for a high level of service.</p>	<p>Communications Strategy, Diversity & Equality Policy, Equality Impact Assessments (EQIA's).</p>
	<p>Taking account of the interests of future generations of tax payers and service users</p>	<p>This is considered on a case by case basis and balancing the various needs within the Council.</p>	<p>Committee reports, Budget setting process, Equality Impact Assessments (EQIA's).</p>

<p><i>Defining outcomes in terms of sustainable economic, social, and environmental benefits</i></p> <p>The long-term nature and impact of many of local government's responsibilities mean that it should define and plan outcomes and that these should be sustainable. Decisions should further the authority's purpose, contribute to intended benefits and outcomes, and remain within the limits of authority and resources. Input from all groups of stakeholders, including citizens, service users, and institutional stakeholders, is vital to the success of this process and in balancing competing demands when determining priorities for the finite resources available.</p>	<p>Having a clear vision which is an agreed formal statement of the organisation's purpose and intended outcomes containing appropriate performance indicators, which provides the basis for the organisation's overall strategy, planning and other decisions</p>	<p>The Council's Corporate Plan clearly identifies the organisation's vision and purpose. This is supplemented by the Delivery Plan which identifies specific objectives and is reported upon regularly throughout the year. The Service Planning process is directly linked to these plans, and set out specific activities to achieve outcomes in the Plan. Each activity is linked to defined corporate plan objectives which then cascades into individual performance and service plan objectives.</p>	<p>Corporate Plan, Delivery Plan, Service Plans, Performance and Risk system, Appraisal framework.</p>
	<p>Specifying the intended impact on, or changes for, stakeholders including citizens and service users. It could be immediately or over the course of a year or longer</p>	<p>The Corporate Plan, emerging Delivery Plan and subsequent Service Plans will identify specified performance measures to evaluate how the organisation will deliver its priorities and benefit its local environment and this is reported on regularly throughout the year.</p>	<p>Corporate Plan, Delivery Plan, Service Plans, Performance and Risk system.</p>
	<p>Delivering defined outcomes on a sustainable basis within the resources that will be available</p>	<p>The Service Plans feed into the budget setting process which identifies the level of cost and resources required to deliver the activity. There are frequent updates to committees in terms of budget monitoring and also performance against the targets and objectives contained within the Delivery Plan to demonstrate how the Council is delivering against its objectives.</p>	<p>Corporate Plan, Delivery Plan, Service Plans, Performance and Risk system, Budget monitoring protocols and reports, Committee reports, Medium Term Financial Strategy.</p>

<p>Identifying and managing risks to the achievement of outcomes</p>	<p>The Council has an agreed Risk Management Framework, and has embedded reporting of risk (to the Governance, Risk and Audit Committee and the Strategic Leadership Team (SLT) alongside its performance and financial reporting to ensure these are reviewed on an ongoing basis. Individual service plans and key decisions are subject to risk assessment at the time to ensure that issues have been raised and mitigation plans developed.</p>	<p>Risk Management Framework, , SLT reports and minutes, Committee reports, Performance and Risk system, Risk registers for major projects such as the re-provision of the Splash leisure complex</p>
<p>Managing service users expectations effectively with regard to determining priorities and making the best use of the resources available</p>	<p>The Delivery Plan and Service Plans define established performance measures to monitor how services are provided and the outcomes achieved. Service Planning helps to determine how resources should be allocated to defined activities, as well as the core 'business as usual' service delivery. The Communications Strategy and plans help to set expectations to service users on their potential user experience.</p>	<p>Corporate Plan, Delivery Plan, Service Plans, Performance and Risk system, Communications Strategy, Budget process, Medium Term Financial Strategy.</p>

<p>Considering and balancing the combined economic, social and environmental impact of policies, plans and decisions when taking decisions about service provision</p>	<p>The Council takes into account a wide range of factors when considering the impact of policies and plans when making decisions about service delivery. For example, the capital bidding process requires managers to complete a capital budget template which details not only the cost of their proposals but also any wider benefits in terms of service delivery, environmental enhancements etc. This is supported by the Capital Strategy and the budget framework and monitoring processes.</p>	<p>Medium Term Financial Strategy, Capital bidding process, Budget framework, Capital Strategy, Diversity and Equality Policy.</p>
<p>Taking a longer-term view with regard to decision making, taking account of risk and acting transparently where there are potential conflicts between the organisation's intended outcomes and short-term factors such as the political cycle or financial constraints</p>	<p>All decision making should be linked to the Council's longer term Corporate Plan and Medium Term Financial Strategy. The Service Planning process helps to support this in that all activities should be identified in the Service Plan and any additional activities would have to be subject to appropriate consideration, taking into account the ability to deliver already identified priorities. This can be evidenced through decisions taken at Cabinet.</p>	<p>Corporate Plan, Medium Term Financial Strategy, Budget setting process, Annual Outturn report, Committee reports.</p>
<p>Determining the wider public interest associated with balancing conflicting interests between achieving the various economic, social and environmental benefits, through consultation where possible, in order to ensure appropriate trade-offs</p>	<p>Decisions made have to necessarily balance the public interest and achievement of outcomes, as can be evidenced through various committee reports.</p>	<p>Corporate Plan, Communications Strategy, Committee reports and minutes, Annual Governance Statement.</p>

	Ensuring fair access to services	The Council evaluates equality impacts as appropriate within its decision making, ensuring due regard is given to enabling groups to access services. Our Customer Strategy seeks to support this through identifying how customers access services and ensuring that the Council's service provision responds to this.	Diversity and Equality Policy, Equality Impact Assessments (EQIA's), Statutory guidance, Customer Strategy.
<p><i>Determining the interventions necessary to optimise the achievement of the intended outcomes</i></p> <p>Local government achieves its intended outcomes by providing a mixture of legal, regulatory, and practical interventions. Determining the right mix of these courses of action is a critically important strategic choice that local government has to make to ensure intended outcomes are achieved. They need robust decision-making mechanisms to ensure that their defined outcomes can be achieved in a way that provides the best trade-off between the various types of resource inputs while still enabling effective and efficient operations. Decisions made need to be reviewed continually to ensure that achievement of outcomes is optimised.</p>	Ensuring decision makers receive objective and rigorous analysis of a variety of options indicating how intended outcomes would be achieved and including the risks associated with those options. Therefore ensuring best value is achieved however services are provided	This can be evidenced through papers presented to Cabinet and to the Council's Overview & Scrutiny Committee which helps to ensure this is put into practice by engaging with members at the earliest possible stage in the development of plans and strategies, enabling their input into the potential options and ensuring these have been considered before key decisions are made.	Committee reports and minutes, report template.
	Considering feedback from citizens and service users when making decisions about service improvements or where services are no longer required in order to prioritise competing demands within limited resources available including people, skills, land and assets and bearing in mind future impacts	This is covered within the Council's Communications Strategy and can be further evidenced through the consultation processes involved with the update of the Local Plan. The Council's Medium Term Financial Strategy also enables the Council to prioritise competing demands with limited resources.	Communications Strategy, Medium Term Financial Strategy, Local Plan protocols, Delivery Plan.

<p>Establishing and implementing robust planning and control cycles that cover strategic and operational plans, priorities and targets</p>	<p>The annual committee programme is developed in advance of the calendar year. Pre-Committee meetings discuss forthcoming reports with key officers and members to ensure these are programmed, with each Committee having its own specified work programme. There are clear programmes in place for the business planning and financial planning cycle, which are complementary to each other.</p>	<p>Committee timetables and work plans, Committee reports, Budget setting framework, Corporate Plan process.</p>
<p>Engaging with internal and external stakeholders in determining how services and other courses of action should be planned and delivered</p>	<p>This is a necessary part of our planning, and can be evidenced through the ongoing work on the development of the new Local Plan.</p>	<p>Communications Strategy, Local Plan protocols.</p>
<p>Considering and monitoring risks facing each partner when working collaboratively including shared risks</p>	<p>This is a necessary part of planning for partnership working. Each partnership has associated protocols or agreements (SLA's) to outline how it will operate, which would be subject to agreement with each partner to ensure their risks and challenges have been taken into account.</p>	<p>Partnership Framework and Principles Guidance, Risk Management Framework.</p>

	<p>Ensuring arrangements are flexible and agile so that the mechanisms for delivering outputs can be adapted to changing circumstances</p>	<p>Change procedures, poor performance and termination is embedded into agreements and contracts to ensure that the Council is not locked into arrangements which are not effective. Performance targets for individuals and partnerships are reviewed regularly and incorporated within service plans.</p>	<p>Partnership Framework and Principles Guidance, Performance and Risk system, contract key performance indicators (KPIs).</p>
	<p>Establishing appropriate key performance indicators (KPIs) as part of the planning process in order to identify how the performance of services and projects is to be measured</p>	<p>This is firmly embedded into the Delivery Plan and Service Planning process. Each year, and then as part of quarterly reporting, key performance indicators are subject to review to ensure to introduce new / amendments to the indicators, and ensure they remain SMART.</p>	<p>Delivery Plan, Service Plans, Annual Report, Quarterly and monthly performance reports.</p>
	<p>Ensuring capacity exists to generate the information required to review service quality regularly</p>	<p>The Council has a Policy & Performance Management Officer who works with officers and Members to monitor and track performance cascading down from the Corporate Plan, Delivery Plan and into the Service Plans. There are quarterly performance reports to Committee to monitor performance, highlighting any corrective action that might be required where appropriate.</p>	<p>Corporate Plan, Delivery Plan, Service Plans, Quarterly and monthly reports. Continuous reporting to the public on the Council website.</p>
	<p>Preparing budgets in accordance with organisational objectives, strategies and the Medium Term Financial Strategy</p>	<p>The Budget and Service Planning process is fully integrated, with priorities cascading down from the Corporate Plan and Delivery Plan into Service Plans. Managers develop their budgets and resource requirements with the finance team to ensure these objectives are deliverable.</p>	<p>Corporate Plan, Delivery Plan, Service Plans, Budget setting process, Committee reports, Medium Term Financial Strategy.</p>

	<p>Informing medium and long term resource planning by drawing up realistic estimates of revenue and capital expenditure aimed at developing a sustainable funding strategy</p>	<p>The service planning and budget cycles are fully integrated and informed by the production of the Medium Term Financial Strategy, which sets out how the Council will address the future funding challenges.</p>	<p>Corporate Plan, Delivery Plan, Service Plans, Budget setting process, Committee reports, Medium Term Financial Strategy.</p>
	<p>Ensuring the medium term financial strategy integrates and balances service priorities, affordability and other resource constraints</p>	<p>The Medium Term Financial Strategy is updated ahead of the Service Planning and budget setting process to ensure it remains deliverable. Budgets and Service Plans are then based on this work to take account of any potential issues as required.</p>	<p>Service Plans, Budget setting process, Committee reports, Medium Term Financial Strategy.</p>
	<p>Ensuring the budgeting process is all-inclusive, taking into account the full cost of operations over the medium and longer term</p>	<p>As above, the budget and Service Planning process comprehensively links service demands and activities to the projected cost of service delivery.</p>	<p>Service Plans, Budget setting process, Committee reports, Medium Term Financial Strategy.</p>
	<p>Ensuring the medium term financial strategy sets the context for ongoing decisions on significant delivery issues or responses to changes in the external environment that may arise during the budgetary period in order for outcomes to be achieved while optimising resource usage</p>	<p>This is covered within the Council's Medium Term Financial Strategy which considers issues ongoing service delivery costs and issues in the context of the ever changing external environment to ensure resources are optimised and that efficiency plans are developed where appropriate.</p>	<p>Service Plans, Budget setting process, Committee reports, Medium Term Financial Strategy.</p>
	<p>Ensuring the achievement of 'social value' through service planning and commissioning. The Public Services (Social Value) Act 2012 states that this is "the additional benefit to the community...over and above the direct purchasing of goods, services and outcomes"</p>	<p>The Council has committed, through its Procurement Strategy, to supporting social value. The completed procurement for the waste contract helps to demonstrate this with some of the scoring being allocated to Social Value.</p>	<p>Procurement Strategy, Leisure tender documents, Diversity and Equality Policy.</p>

<p><i>Developing the entity's capacity, including the capability of its leadership and the individuals within it</i></p> <p>Local government needs appropriate structures and leadership, as well as people with the right skills, appropriate qualifications and mindset, to operate efficiently and effectively and achieve their intended outcomes within the specified periods. A local government organisation must ensure that it has both the capacity to fulfill its own mandate and to make certain that there are policies in place to guarantee that its management has the operational capacity for the organisation as a whole. Because both individuals and the environment in which an authority operates will change over time, there will be a continuous need to develop its capacity as well as the skills and experience of the leadership of individual staff members. Leadership in local government entities is strengthened by the participation of people with many different types of backgrounds, reflecting the structure and diversity of communities.</p>	<p>Reviewing operations, performance and use of assets on a regular basis to ensure their continuing effectiveness</p>	<p>There are currently two Business Process Reviews (BPR) being undertaken within the Planning and Environmental Health service areas to increase efficiency and improve performance. All changes in staffing are subject to robust procedures to ensure that resources are right for the relevant service. The Council has a defined Asset Management Plan supported by a number of other policy and supporting documents including; the Commercial Property Investment Strategy, The Acquisition Policy, The Disposal Policy, Assets of Community Value procedure and guidance, Asset Proposal process and use of Council property assets for events. This suite of documents was reviewed, updated and agreed by Committee in March 2018. All of these policies and guidance documents combine to help ensure that property assets are effectively utilised while supporting the Council's developing financial sustainability and growth agenda which is a key theme within the Council's corporate plan.</p>	<p>Asset Management Plan, Disposal, Investment and Acquisitions Policy, Commercial Property Investment Strategy, The Acquisition Policy, The Disposal Policy, Assets of Community Value procedure and guidance, Asset Proposal process, Use of Council property assets for events, Corporate Plan, Capability Review.</p>

Developing protocols to ensure that elected and appointed leaders negotiate with each other regarding their respective roles early on in the relationship and that a shared understanding of roles and objectives is maintained

In May 2019 a new Council was elected with one party achieving a majority. The Council undertook a Capability Review with the aim of ensuring the Council and its management had the resources and capabilities to deliver on the new administrations agenda. The action plan that resulted from this review is currently in the process of being implemented.

The Corporate Plan 2019 – 2023 has been agreed and adopted and the Delivery Plan has started to be implemented. The Chief Executive has regular meetings with the Leader and also the Leaders of the two other Groups and continue to hold Business Planning meetings which follow on from Cabinet to discuss forthcoming issues and reports. These meetings help to clarify objectives and outcomes at an early stage and are supported by the various Cabinet and Portfolio Members.

They are strongly empowered to support Portfolio Holders and Heads of Service in developing their roles and relationships. Shadow Portfolio holders have also been elected to aid with transparency

The Council currently holds IIP Silver. A robust performance programme is in place to encourage open and honest communication with staff, enable effective performance management discussions and identify future development needs. This is fully supported by the Appraisal Framework which is fully embedded within the Council's processes. Training requirements flowing from the appraisal process feed into the corporate training needs assessment undertaken by the Organisational Development team. Members are provided induction training on commencing their roles at the Council, and encouraged to identify training needs. Ongoing training is held on a knowledge and competency basis, enabling members to develop their skills at all levels. Managing risks and performance through robust internal control and strong public financial management Local government needs to ensure that the organisations and governance structures that it oversees have implemented, and can sustain, an effective performance management system that facilitates effective and efficient delivery of planned services. Risk management and internal control are important and integral parts of a performance management system and crucial to the achievement of outcomes. Risk should be considered and addressed as part of all decision making activities.

Recognising that risk management is an integral part of all activities and must be considered in all aspects of decision making

The Council has an agreed Risk Management Framework and risk is managed by SLT along with the Governance, Risk and Audit Committee (GRAC). The Committee report templates which must be used for all Committee reports include a specific section on risk and staff and managers are encouraged to raise risks, and how these should be managed / mitigated as part of key decision making processes. At an operational level, staff are encouraged to take personal accountability for risks. Risk reviews are held in each service twice a year with significant risks assessed for inclusion in the Corporate Risk Register. The Council has a Business Continuity Framework with Business Continuity Plans in place for key service areas which are subject to annual review. Specific risk training has been undertaken with Members including establishing the Council's risk appetite.

<p>A strong system of financial management is essential for the implementation of policies and the achievement of intended outcomes, as it will enforce financial discipline, strategic allocation of resources, efficient service delivery, and accountability.</p>	<p>Implementing robust and integrated risk management arrangements and ensuring that they are working effectively</p>	<p>The Risk Management Framework has been agreed through the relevant decision making processes and is subject to regular review and updating. On a quarterly basis, key risks are formally evaluated and monitored by the Governance, Risk and Audit Committee (GRAC), however services are expected to maintain a watching brief on all operational level risks on a daily basis. In addition, Risk reviews are held in each service twice a year with significant risks assessed for inclusion in the Corporate Risk Register. Health and Safety risks are also monitored as part of this process.</p>	<p>GRAC reports/minutes, Health and Safety Policy, Risk assessments, Business Continuity Framework, Business Continuity Plans, SLT reports/ minutes Corporate Risk Register, Performance and Risk system, Risk registers for major projects (waste procurement/leisure procurement/Splash/Cromer Hub).</p>
<p>It is also essential that a culture and structure for scrutiny is in place as a key part of accountable decision making, policy making and review. A positive working culture that accepts, promotes and encourages constructive challenge is critical to successful scrutiny and successful delivery. Importantly, this culture does not happen automatically, it requires repeated public commitment from those in authority.</p>	<p>Ensuring that responsibilities for managing individual risks are clearly allocated</p>	<p>Each risk within the Corporate Risk Register has been formally allocated to individual responsible owners. Service risks are owned by the relevant service manager.</p>	<p>Corporate Risk Register, Performance and Risk system, Risk registers for major projects (waste procurement/leisure procurement/Splash/Cromer Hub).</p>

	<p>Monitoring service delivery effectively including planning, specification, execution and independent post implementation review</p>	<p>The Delivery Plan and Service Planning process identifies performance measures for services. Services are subject to periodic review to ensure delivery remains efficient and effective. Previously the Major Projects Board, and more recently SLT, considers and monitors key corporate projects in terms of key project aims, targets/benefits, milestones, progress, risks, financial position etc. At the end of projects there is a formal review process to consider 'lessons learnt' that can be fed back into future projects.</p>	<p>Delivery Plan, Annual Report, Service Plans, Performance Framework, Project Management Framework, Project Initiation Documents (PIDs), Project review documents, Performance and Risk System.</p>

Medium Term Financial Strategy, Service Plans, Budget monitoring reports and protocol.
	Ensuring well-developed financial management is integrated at all levels of planning and control, including management of financial risks and controls	Management accounts are produced on a monthly basis for service analysis, and to ensure budgets remain on track to those established within business planning. Significant variances are reported to key decision making.	Budget monitoring reports and protocol.
<p>Implementing good practices in transparency, reporting, and audit to deliver effective accountability</p> <p>Accountability is about ensuring that those making decisions and delivering services are answerable for them. Effective accountability is concerned not only with reporting on actions completed, but also ensuring that stakeholders are able to understand and respond as the organisation plans and carries out its activities in a transparent manner. Both external and internal audit contribute to effective accountability.</p>	<p>Writing and communicating reports for the public and other stakeholders in an understandable style appropriate to the intended audience and ensuring that they are easy to access and interrogate</p> <p>Striking a balance between providing the right amount of information to satisfy transparency demands and enhance public scrutiny while not being too onerous to provide and for users to understand</p>	<p>Report templates have been designed to help highlight key information quickly and easily. Reports undertake review processes to ensure they remain succinct and effective in imparting their messages. All reports are available for the public to review from the Council directly or on the Council's website with contact details for key officers prominently placed. The Council's Annual Report also provides a high level review of the Council's achievements during the year in an easy to understand high level format.</p>	<p>Council website, Annual Report, Monthly and quarterly performance reports, Committee template, Committee reports.</p>

	Reporting at least annually on performance, value for money and the stewardship of its resources	The Council's statement of accounts includes a "narrative" report which outlines how the Council has delivered against its objectives and financial targets during the year. The report makes extensive use of charts to aid users to quickly understanding the information. As part of the audit process the external auditor (Ernst & Young) is also required to give a view on value for money. The Annual Governance Statement provides a key oversight of the Council's governance arrangements and how these can be developed.
