18 **LIPS25**

(a) Any scenery shall be maintained flame-retarded to the Council's satisfaction.

(b) Temporary decorations shall not be provided except with consent. When seeking consent for temporary decorations the Licensee shall advise the Council of the period for which it is desired to retain them.

(c) Curtains, Hangings and temporary decorations shall be arranged so as not to obstruct exits, fire safety signs or fire-fighting equipment.

(d) On a separated stage, scenery made of the following materials may be used subject to any requirements the Council may impose in any particular case:

(i) materials acceptable on an open stage:

(ii) flame-retarded fabrics;

(iii) plywood, hardboard or similar boards; any boards under 6mm thick shall be treated by a process of impregnation which meets at least class 2 when tested in accordance with BS476-7;

(iv) any other materials approved by the Council.

(e) On an open stage, scenery made of the following materials may be used subject to any requirements the Council may impose in any particular case:

(i) non-combustible material;

(ii) inherently flame-retarded fabrics;

(iii) durably-treated flame-retarded fabrics;

(iv) fabrics rendered and maintained flame-retarded to the Council's satisfaction by a non-durable process;

(v) timber, hardboard or plywood treated by a process of impregnation which meets class 1 when tested in accordance with BS476-7;

(vi) timber framing of minimum 22mm nominal thickness;

(vii) medium-density fibreboard (MDF), plywood or chipboard not less than 18mm in thickness;

(viii) plastics material subject to special consideration by the Council;

(ix) any other materials approved by the Council.

(f) The use of plastics or polystyrene shall be avoided whenever possible.

(g) Decorative items such as statues made of expanded polystyrene shall be enclosed by a non-combustible skin of, for example, plaster and care shall be taken that this skin is maintained undamaged.

Note: Sheet materials such as hardboard or plywood laid in direct contact with a structural floor need not be treated flame-retarded.

Note: Whilst detailed calculations are unlikely to be required, the amount of flammable scenery that the Council will permit depends upon consideration of

a number of factors including the structure of the premises, the fire spread control provisions, the fire-fighting arrangements and the specific risks presented by the performance; all of which will determine the Council's requirements in any particular case. Lower or less permanent standards of fire retardancy may be acceptable in premises provided with a separated stage, a sprinkler installation and a Duty Fire Officer than may be approved on an open stage.

(h) Curtains, drapes and new soft furnishings, shall be maintained flame-retarded.

(i) Any carpets and other textile floor coverings and under-lays when tested appropriately in accordance with BS 4790 shall either not ignite or have the effects of ignition limited to a radius of 35mm on both upper and under surfaces.

Note: Similar considerations apply to the use of properties and furnishings as to the use of scenery. Where the action does not involve the use of naked flame or smoking lesser standards may be acceptable. As a general rule hand-held properties and antique furnishings will be approved without flame retardancy treatment. However the Council will generally apply the same standards as apply to scenery to large properties, large quantities of furnishings and to items especially constructed for the presentation.

- 19 **LIPS50** The Licensee shall not permit any exhibition, demonstration or performance of hypnotism, mesmerism or any similar act or process which produces or is intended to produce in any person any form of induced sleep or trance in which susceptibility of the mind of that person to suggestion or direction is increased or intended to be increased. This Condition does not apply to exhibitions given under the provisions of Section 2(1A) and 5 of the Hypnotism Act 1952.
- 20 **LIPS51**
- (a) The Licensee shall not permit an entertainment that involves special risks except with consent.
- (b) The Licensee shall not permit explosives or highly flammable substances to be brought onto the premises except with consent.
- 21 **LIPS52**
- (a) The Licensee shall not permit the use of special effects, except with consent.
- (b) The Licensee shall give Council at least 10 days' notice in writing of any proposal to use special effects. The notice shall include, save in exceptional circumstances, exact details of the proposal including the date and time when the special effects can be demonstrated.

- 24 **LIPS58** Premises should not be altered in such a way as to make it impossible to comply with an existing licence condition without first seeking a variation of the premises licence proposing the deletion of the condition relating to public safety in question. The applicant will need to propose in a new operating schedule reflecting the proposed alteration to the premises how he or she intends to take alternative steps to promote the public safety objective. The application for variation will enable the responsible authorities with expertise in safety matters to consider whether the proposal is acceptable.
