Subject: Representations: Review application - WK/220000254 - Lily-Mai's Bar Grill Cocktails, New Street, Cromer, Norfolk, NR27 9HP
Date: 08 February 2022 13:55:36

Dear Public Protection Team,

I wish to register my support for the review of the premises license ref. WK/220000254 - Lily-Mai's Bar Grill Cocktails, New Street, Cromer, Norfolk, NR27 9HP. As a resident in one of the neighbouring properties ([REDACTED]) we have been, and will in future be regularly affected by the noises coming from Lily Mai's. I believe that the variations to the license proposed by the review application will go some way to mitigating the nuisance caused by the noise and therefore the application has my support. I would however ask that my name and address are not made public in relation to this application on the basis that the residents of [REDACTED] have been in a long running dispute with the management of Lily Mai's regarding ownership of the land between the buildings. There have been several heated encounters which have included threats of a physical nature being made by Lily Mai's staff, and I believe that if it were known that residents of [REDACTED] were supporting restrictions on the premises' license, there is a very real possibility of further threats, abuse and damage to our property [REDACTED]

Dear Sir/Madam,

Lily Mai, New St., Cromer
Review of Licence

I live directly above the exit door of Lily Mai Restaurant. At the weekends I and my wife have started to go to bed at 1am instead of 11pm because of the noise of people coming out of Lily Mai. There is a recessed area before the entrance door to 1-4 Regency Flats, and the door to the ice cream kiosk. The customers of Lily Mai come into this area to smoke out of the wind and rain. Sometimes when I come down in the morning I have to clear up broken glass, sick and cigarette butts.

Yours Sincerely
[Redacted]
